

Wai Chung Yim(Oswin)

FRONT-END DEVELOPER

I am a Front-End Web Developer with almost two years of experience in hong kong. I already get the three years open work permit in Canada. I use my endless passion for innovation and coding to create web content that is engaging, intuitive, responsive, and most importantly, accessible. My ability to learn quickly and provide scalable solutions to complex problems will enable me to take on a software developer role. I keep learning next.js 13, typescript, and Tailwind CSS.

WORK EXPERIENCE

Web and App Developer July 2020 – May 2022
Freightamigo Services Limited, Hong Kong

- Directed another developer to implement RESTful APIs in PHP which enabled the internal analytics team to increase reporting speed by 25%
- Implemented create shipment feature to reduce sales team paperwork by 75%
- Revamped the user system by adding social login to reduce customer registration time by 30 seconds above.
- Collaborated with product and marketing teams to redesign the mobile process, improving retention and user experience.
- Added relocation shipment to the current system to attract more than 300 citizens to relocate

Recent PROJECTS

Airbnb Clone

This web application is a clone of the Airbnb website. It uses Next.js, Tailwind CSS, Typescript, map box, and firebase RESTful APIs. This app was built with a Mobile-First approach in mind using the React library.
